

# The Loan Process

## Step 1: Application

Your loan process should go smoothly if you complete your loan application properly and provide all necessary documentation to The Duggan Team or outside loan consultant at the time of application.

## Step 2: Ordering Documentation

The Duggan Team or outside loan consultant will order the necessary documentation for the loan as soon as it is received. Any verifications will be mailed, the credit report and appraisal will be ordered. You will also receive a Good Faith Estimate of your costs and details of your loan.

## Step 3: Awaiting Documentation

Within approximately two weeks, all necessary documents should be received from your loan consultant. Each item is reviewed carefully in case additional items may be needed from you to resolve any questions or problems.

## Step 4: Loan Submission

Submitting your loan is a critical part of the process. All of the necessary documentation will be sent to the lender, along with your credit report and appraisal.

## Step 5: Loan Approval

Loan approval may be obtained in stages. Usually within one to three days, The Duggan Team or outside loan consultant should have pre-approval from the lender. If the loan requires mortgage insurance, or if an investor needs to review the file, final approval could take additional time. You do not have final loan approval until ALL of the necessary parties have underwritten the loan.

## Step 6: Lender Preparation of Documents

As soon as the loan is approved and all requirements of the lender have been met, the loan documents will be prepared. These documents will be sent to the escrow officer, and you will be asked to sign the documents. Your lender may require an impound account for tax installment payments, depending on the type of loan.

## Step 7: Funding

Once you have signed the documents and they have been returned to the lender, the lender will review them and make sure that all conditions have been met and all of the documents have been signed correctly. When this is completed, they will “fund” your loan. (“Fund” means that the lender will give the title company the money by check or wire).

## Step 8: Recordation

When the loan has been funded, the title company will record the Deed of Trust with the county in which the property is location (usually by the next day). Upon receipt of the confirmation of the deed being recorded, title or escrow will then disburse monies to the appropriate parties. At this time, in most cases, your loan is considered complete.
